

Fatal VOWS

WHEN DIVORCE
AND MURDER COLLIDE

When marriages fall apart, divorce can turn ugly... sometimes deadly. Divorce can bring out the worst in people, sometimes leading them to do terrible, shocking things they never imagined they were capable of doing - including murder. Divorce is a fascinating mystery. One can't help but wonder what went wrong?

Throughout each episode we'll watch as our protagonists transition from being a happy couple 'in love', to a hostile husband and wife battling for the house, the kids, cold hard cash or alimony. As the relationship collapses, each episode uses interviews and re-enactments to show how divorce can overwhelm a family to the extent that they become entwined in a murder investigation. The question is who killed whom and how did divorce drive this person to commit grisly, cold-blooded murder?
